ADA / Special Accommodations

To ensure we can accommodate persons with special needs who wish to attend our courses, please be sure to identify the accommodation needed when you register, or if applicable, at the time you register by phone.

Host a course

By hosting one of our courses, you will be providing your agency's personnel and the forensic professionals in your area with a high-quality training opportunity, right in your local area. This means less cost to you or your agency for expenses such as travel, lodging, and meals, and less time away from home and family. Plus, hosts can qualify for tuition savings. For more information, visit tritechtraining.com.

ABOUT TRITECH

A leader in the forensics market, Tri-Tech Forensics provides evidence collection and crime scene investigation products and training to crime labs and crime scene investigators throughout the world. With over 30 years of experience, we are the nation's most proficient developer and manufacturer of forensic kits. We are committed to providing our customers with state-of-the-art forensics products and services at affordable prices. It is our goal, through our research and development program, to continue to develop superior products and training to aid in all aspects of crime scene investigation and crime lab analysis. We know how important our products and training are to the forensics community, from investigation to prosecution. Our mission is the same as our customers – *Identify. Protect. Preserve.*

COURSE DESCRIPTION

Basic Crime Scene Investigations

This 24-hour course is designed to instruct the proper methods and techniques that can be applied when investigating the crime scene to maximize the potential of the evidence at the scene. The course is primarily intended for new crime scene technicians and investigators, death investigators, patrol officers, and detectives as well as individuals interested in seeking employment in the field of forensics. Experienced investigators will also benefit from much of the course content.

This course is also designed for first responders such as fire and EMT personnel. It instructs these personnel on how to identify potential crime solving evidence while performing life-saving measures at the scene. Stress is placed on interdepartmental cooperation and the sharing of information between these personnel and investigators.

Identifying the evidence as well as techniques that should be employed in its collection and processing will be addressed.

Topics:

Day 1 - Initial Response to the Scene

Includes response to the scene, interviewing eyewitnesses, processing the scene, scene documentation, and practical exercises

Day 2 - Introduction to Crime Scene Photography

Includes first responder photography and practical exercises, use of scales and close-up views, and nighttime photography

Day 3 - Latent Print and DNA Processing

Includes DNA and fingerprint collection, latent print processing, friction ridge skin impression characteristics, and exercises

COURSE INSTRUCTOR

ANDY KEHM, D-ABMDI

Andy has been in the Law Enforcement field for 28 years. He is currently the Chief Deputy Coroner with the Lehigh County Coroner's Office since August 2014. Andy was the Patrol Sergeant with the DeSales University Police Department for one year after retiring with twenty-one years of service with the City of Bethlehem Police Department. He served as a Detective/Sergeant assigned to the Criminal Investigations Division and supervisor of the Forensic Services Unit.

Andy has been a Field Training Officer, Emergency Response Team (SWAT) member for ten years, Water Rescue Team member, Criminal Investigator, and a founding member of the City's Crime Scene Unit where he has testified as an expert in Crime Scene Investigations in Northampton County Court, Fingerprint Processing and Identification in Federal Court (3rd Circuit), Northampton County, and Lehigh County Courts, Crime Scene Investigation and Forensic Examination in Northampton County Court and Bloodstain Pattern Analysis in Lehigh County Court.

Andy served six years with the U.S. Army Military Police Corps attending the U.S. Army Military Police School, Military K-9 School, and the Military U.S. Customs Inspector School. In the Military, he performed Patrol and Field Operations, Patrol K-9 Handler, and three years working with the U.S. Customs Service in West Germany.

Since 1995, Andy has been a Deputy Coroner (part-time) for the Lehigh County Coroner's Office and is a Diplomate with the American Board of Medicolegal Death Investigators. Andy has presented training and presentations for the Bethlehem Police Department, St. Luke's Hospital, Lehigh County District Attorney's Office, Cedar Crest College, Lehigh Valley College, and the Lehigh County Coroner's Office. He is an Adjunct Professor/Program Manager of the Northeast Forensic Training Center at Northampton Community College.
