

To register, visit  
[tritechtraining.com](http://tritechtraining.com)  
or contact our  
Training Director  
Phil Sanfilippo at  
800.438.7884 ext.  
1025 or by email at  
[phil@tritechusa.com](mailto:phil@tritechusa.com).

Courses are presented  
in partnership with  
the International  
Association for  
Identification.

#### ADA / Special Accommodations

To ensure we can  
accommodate persons  
with special needs  
who wish to attend  
our courses, please  
be sure to identify  
the accommodation  
needed when  
you register, or if  
applicable, at the time  
you register by phone.

#### Host a course

By hosting one of our  
courses, you will be  
providing your agency's  
personnel and the  
forensic professionals  
in your area with a  
high-quality training  
opportunity, right in  
your local area. This  
means less cost to  
you or your agency  
for expenses such as  
travel, lodging, and  
meals, and less time  
away from home and  
family. Plus, hosts  
can qualify for tuition  
savings. For more  
information, visit  
[tritechtraining.com](http://tritechtraining.com).

# INTRODUCTION TO FINGERPRINT SCIENCE & TENPRINTS

**Instructor: Morgan Hays, CLPE**

**June 22 - 26, 2020 | Tuition: \$589**

#### Course Location:

Leon County Sheriff's Office  
2825 Municipal Way | Tallahassee, FL 32304

## ABOUT TRITECH

A leader in the forensics market, Tri-Tech Forensics provides evidence collection and crime scene investigation products and training to crime labs and crime scene investigators throughout the world. With over 30 years of experience, we are the nation's most proficient developer and manufacturer of forensic kits. We are committed to providing our customers with state-of-the-art forensics products and services at affordable prices. It is our goal, through our research and development program, to continue to develop superior products and training to aid in all aspects of crime scene investigation and crime lab analysis. We know how important our products and training are to the forensics community, from investigation to prosecution. Our mission is the same as our customers – *Identify. Protect. Preserve.*

## COURSE DESCRIPTION

# Introduction to Fingerprint Science & Tenprints

The Introduction to Fingerprint Science and Tenprints course serves as the primary level of training for those individuals working or seeking employment in the field of fingerprint identification.

This forty-hour workshop is designed to introduce fingerprints to new tenprint examiners, new AFIS operators, new latent print examiners, and crime scene or medical examiner personnel by introducing them to the terminology and concepts of identifying fingerprints. It is the training required by most agencies for the hiring of new employees to work in the field of fingerprint identification and serves as the basis for more advanced training in the field.

This workshop is designed to introduce the student to the comparison of inked fingerprints. It will provide the student with the basic knowledge, skills, and abilities necessary to recognize and compare known areas of friction ridge skin. It will also introduce the student to basic comparison concepts for effective tenprint identifications as well as the requirements for taking legible fingerprint standards. The students will take part in practical exercises that are designed to reinforce the topics covered in the lecture each day of the class and progressively increase in difficulty.

All materials required to complete this course will be provided by TRITECH**FORENSICS** Training Division. This includes all handout materials, fingerprint magnifiers, and ridge counters.

## COURSE INSTRUCTOR

### MORGAN HAYS, CLPE

Morgan Hays is currently supervisor of the Florida Department of Law Enforcement (FDLE) Latent Print section at the Jacksonville Regional Operations Center. Morgan is a certified latent print examiner by the International Association for Identification (IAI). He is an active member of both the IAI and the Florida Division of the International Association for Identification (FDIAI). He has taught numerous colloquia and given lectures at FDIAI conferences, including "Biological Aspects of Friction Ridge Skin" and "Conflict Resolution and Verification." Morgan is also an ASCLD/LAB - International Certified Assessor for the American Society of Crime Laboratory Directors/Laboratory Accreditation Board. He has participated as a technical assessor of latent prints for ISO 17025 laboratory accreditation assessments from the municipal to the federal level.
